INTERMAP TECHNOLOGIES CORPORATION

Notes to Condensed Consolidated Interim Financial Statements
(In thousands of United States dollars, except per share information)
(Unaudited)

For the three months ended March 31, 2020

Page 1

1. Reporting entity:

Intermap Technologies® Corporation (the Company) is incorporated under the laws of Alberta, Canada. The head office of Intermap is located at 8310 South Valley Highway, Suite 400, Englewood, Colorado, USA 80112. Its registered office is located at 400, 3rd Avenue SW, Suite 3700, Calgary, Alberta, Canada T2P 4H2.

Intermap is a global location-based geospatial information company, creating a wide variety of geospatial solutions and analytics for its customers. Intermap's geospatial solutions and analytics can be used in a wide range of applications including, but not limited to, location-based information, geospatial risk assessment, geographic information systems, engineering, utilities, global positioning systems maps, oil and gas, renewable energy, hydrology, environmental planning, wireless communications, transportation, advertising, and 3D visualization.

2. Basis of preparation:

(a) Going concern:

These condensed consolidated interim financial statements have been prepared assuming the Company will continue as a going concern. The going concern basis of presentation assumes the Company will continue in operation for the foreseeable future and can realize its assets and discharge its liabilities and commitments in the normal course of business. During the three months ended March 31, 2020, the Company reported an operating loss of \$1,044, a net loss of \$1,752, and negative cash flows from operating activities of \$650. In addition, the Company has a shareholders' deficiency of \$30,834 and negative working capital of \$35,261 at March 31, 2020.

The above factors in the aggregate indicate there are material uncertainties which may cast significant doubt about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent on management's ability to successfully secure sales with upfront payments, reduce existing debt and / or obtain additional financing. Failure to achieve one or more of these requirements could have a materially adverse effect on the Company's financial condition. The Board of Directors and management continue to take actions to address these issues including renegotiating the terms of the notes payable, pursuit of government stimulus programs in the United States and Canada and exploring several strategic alternatives. Such alternatives could include, a sale of the Company, a sale of assets, a business combination, continuing as a standalone entity under a new capital structure. There can be no assurance that the consideration of strategic alternatives will result in the completion of any transaction or any other alternative.

The condensed consolidated interim financial statements do not reflect adjustments that would be necessary if the going concern assumption was not appropriate. If the going

INTERMAP TECHNOLOGIES CORPORATION

Notes to Condensed Consolidated Interim Financial Statements
(In thousands of United States dollars, except per share information)
(Unaudited)

For the three months ended March 31, 2020

Page 2

concern basis was not appropriate for these condensed consolidated interim financial statements, then adjustments would be necessary to the carrying value of assets and liabilities, the reported revenues and expenses, and the balance sheet classifications used.

(b) Statement of compliance:

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34 (IAS 34) as issued by the International Accounting Standards Board (IASB).

The notes presented in these unaudited condensed consolidated interim financial statements include in general only significant changes and transactions occurring since the Company's last year-end and are not fully inclusive of all disclosures required by IFRS for annual financial statements. These unaudited condensed consolidated interim financial statements should be read in conjunction with the annual audited consolidated financial statements, including the notes thereto, for the year ended December 31, 2019 (the "2019 Annual Consolidated Financial Statements").

The policies applied in these condensed consolidated interim financial statements are based on IFRS issued and effective as of June 3, 2020, the date the Board of Directors approved the condensed consolidated interim financial statements.

(c) Measurement basis:

The condensed consolidated interim financial statements have been prepared mainly on the historical cost basis. Other measurement bases used are described in the applicable notes.

(d) Use of estimates:

Preparing condensed consolidated interim financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the condensed consolidated interim financial statements, and the reported amounts of revenue and expenses during the period. Actual results could differ from these estimates.

The significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

3. Summary of significant accounting policies:

These condensed consolidated interim financial statements have been prepared using the same accounting policies and methods that were used to prepare the Company's 2019 Annual Consolidated Financial Statements. There are no new accounting standards or amendments

INTERMAP TECHNOLOGIES CORPORATION

Notes to Condensed Consolidated Interim Financial Statements

(In thousands of United States dollars, except per share information)
(Unaudited)

For the three months ended March 31, 2020

Page 5

i. December 14, 2016 note payable:

On December 14, 2016, the Company received \$6,000 as a bridge loan from Vertex. The loan is payable on the earlier of March 31, 2017 or the completion of the Rights Offering, which closed on March 30, 2017. All the proceeds of the Rights Offering were to be used to pay down this note payable, and any amounts which remain outstanding after the Rights Offering will be converted into a term loan due September 1, 2020. The note is non-interest bearing, and therefore the fair value at inception must be estimated to account for an imputed interest factor. The value at inception was determined to be \$5,842. The estimated discount rate was 9.21% and is subject to estimation uncertainty. The discount of \$158 was recognized in contributed surplus and was amortized over the term of the note using the effective interest method. The note was subject to prepayment provisions, if the Company's aggregate cash balance exceeds \$10.0 million at the end of any calendar quarter, 50% of the balance greater than \$10.0 million must be pre-paid against the outstanding notes payable.

ii. December 14, 2016 note modification:

On December 14, 2016, the Company and Vertex restructured its September 15, 2016 note payable of \$25,800 and July 8, 2016 note payable of \$2,000. The original notes, bearing interest at 15% per annum each, were extended to mature on September 1, 2020 and the interest was eliminated. In addition, a promissory note payable for \$3,000 was issued in exchange for the termination of the royalty agreement, executed on February 23, 2015, and the amending agreement, which established the cash sweep requirement, executed on April 28, 2015. The restructured notes were treated as an extinguishment for accounting purposes, and given they require zero interest payments, the fair value at inception must be estimated to account for an imputed interest factor. The value of the remaining promissory notes (\$25,800, \$2,000 and \$3,000) at inception was determined to be \$21,752, net of transaction costs of \$168. The estimated discount rate was 9.21% and is subject to estimation uncertainty. The discount to the note payable will be amortized over the term of the note using the effective interest method. For the three months ending March 31, 2020, \$686 was recognized in financing costs. The note is secured by a first priority lien on all the assets of the Company and is subject to prepayment provisions, if the Company's aggregate cash balance exceeds \$10.0 million at the end of any calendar quarter, 50% of the balance greater than \$10.0 million must be pre-paid against the outstanding notes payable.

iii. March 30, 2017 note payable:

On March 30, 2017, the Company executed an amended and restated promissory note with Vertex One Asset Management (Vertex), for \$3,110 due September 1, 2020. The note represents the balance remaining from the December 14, 2016 bridge loan, following the completion of the Rights Offering and repayment of \$2,890. The note is non-interest bearing, and therefore the fair value at inception must be estimated to account for an imputed interest factor. The value at inception was determined to be \$2,364, based on the estimated discount rate of 8.05%, and is subject to estimation uncertainty. The resulting discount of \$746 was

INTERMAP TECHNOLOGIES CORPORATION

Notes to Condensed Consolidated Interim Financial Statements
(In thousands of United States dollars, except per share information)
(Unaudited)

For the three months ended March 31, 2020

Page 6

recognized in contributed surplus as a gain on the modification of debt at March 30, 2017 and will be amortized over the term of the note using the effective interest method. For the three months ending March 31, 2020, \$60 was recognized in financing costs. The note is secured by a first priority lien on all the assets of the Company and is subject to prepayment provisions, if the Company's aggregate cash balance exceeds \$10.0 million at the end of any calendar quarter, 50% of the balance greater than \$10.0 million must be pre-paid against the outstanding notes payable.

iv. May 22, 2019 conditional settlement:

On May 22, 2019 the Company announced an agreement with Vertex, subject to obtaining new financing and shareholder approval, to exchange the notes payable, detailed above, for newly created perpetual preferred shares.

The Agreement sets forth the terms on which Vertex will release its liens on the assets of the Company and convert the notes payable to Preferred Shares to facilitate new financing arrangements for the Company. The release of collateral would become effective upon closing of new financing and shareholder approval.

(b) Project financing:

Project financing includes a promissory note with a service provider. The Company repaid \$60 during the first quarter of 2020.

Additionally, the project financing balance includes reimbursable project development funds provided by a corporation designed to enable the development and commercialization of geomatics solutions in Canada. The funding is repayable upon the completion of a specific development project and the first sale of any of the resulting product(s). Repayment is to be made in quarterly installments equal to the lesser of 20% of the funding amount or 25% of the prior quarter's sales.

	March 31 2020	December 31, 2019
Promissory note payable	\$ 240	\$ 300
Reimbursable project funding	170	184
	410	484
Less current portion	(240)	(300)
Long-term portion of project financing	\$ 170	\$ 184

8. Lease obligations:

The following table presents the contractual undiscounted cash flows for right of use asset lease obligations which require the following payments for each year ending March 31:

2021	\$ 241
2022	44
2023	33
	\$ 318

INTERMAP TECHNOLOGIES CORPORATION

Notes to Condensed Consolidated Interim Financial Statements
(In thousands of United States dollars, except per share information)
(Unaudited)

For the three months ended March 31, 2020

Page 7

Interest expense on lease obligations for the three months ended March 31, 2020 was \$6. Total cash outflow for leases was \$240, including \$87 for short-term and low-value leases. There are no variable payment components which are not included in the measurement of lease obligations.

The Company also has contractual undiscounted cash flows for short-term and low-value operating leases for equipment and office space that are not on the balance sheet which require the payments of \$276 for the twelve months ending March 31, 2021.

9. Revenue:

Details of revenue are as follows:

For the three months ended March 31,	2020	2019
Acquisition services	\$ 794	\$ 54
Value-added data	215	153
Software and solutions	624	633
	<u>\$ 1,633</u>	<u>\$ 840</u>
Primary geographical market		
United States	\$ 508	\$ 394
Asia/Pacific	660	14
Europe	465	432
	<u>\$ 1,633</u>	<u>\$ 840</u>
Timing of revenue recognition		
Upon delivery	\$ 328	\$ 291
Services overtime	1,305	549
	<u>\$ 1,633</u>	<u>\$ 840</u>

10. Operating and non-operating costs:

(a) Operating costs:

For the three months ended March 31,	2020	2019
Personnel	\$ 1,421	\$ 1,498
Purchased services & materials ⁽¹⁾	589	890
Travel	71	57
Facilities and other expenses	186	204
	<u>\$ 2,267</u>	<u>\$ 2,649</u>

(1) Purchased services and materials include aircraft costs, project costs, professional and consulting fees, and selling and marketing costs.

INTERMAP TECHNOLOGIES CORPORATION

Notes to Condensed Consolidated Interim Financial Statements

(b) Financing costs:

For the three months ended March 31,	2020	2019
Accretion of discounts recognized on notes payable	\$ 746	\$ 680
Interest on lease obligations	6	18
Interest on accounts payable	5	-
	\$ 757	\$ 698

11. Share capital:

(a) Issued:

	March 31, 2020		December 31, 2019	
	Number of Shares	Amount	Number of Shares	Amount
Balance, beginning of period:	17,268,472	\$ 199,917	17,268,472	\$ 199,917
Balance, end of period:	17,268,472	\$ 199,917	17,268,472	\$ 199,917

(b) Contributed surplus:

	March 31, 2020	December 31, 2019
Balance, beginning of period	\$ 25,527	\$ 25,379
Share-based compensation	22	148
Balance, end of period	\$ 25,549	\$ 25,527

(c) Loss per share:

The calculation of loss per share is based on the weighted average number of Class A common shares outstanding. Where the impact of the exercise of options or warrants is anti-dilutive, they are not included in the calculation of diluted loss per share. The Company has incurred a net loss for each period presented and the inclusion of the outstanding options and warrants in the loss per share calculation are anti-dilutive and are therefore not included in the calculation.

The underlying Class A common shares pertaining to 1,129,825 outstanding share options, 1,050,400 restricted share units (RSUs) and 546,456 outstanding warrants could potentially dilute earnings.

(d) Share option plan:

The Company established a share option plan to provide long-term incentives to attract, motivate, and retain certain key employees, officers, directors, and consultants providing services to the Company. The plan permitted granting options to purchase up to 10% of the outstanding Class A common shares of the Company. The share option plan was replaced at the Annual General Meeting on March 15, 2018 (see Note 11(e)), and all options issued and outstanding at that time will remain until such time they are exercised, expired or forfeited.

Expired	(50,750)	2.90	(81,376)	3.25
Forfeitures	-	-	(22,126)	0.89
Options outstanding, end of period	1,129,825	\$ 0.80	1,180,575	\$ 0.89
Options exercisable, end of period	968,239	\$ 0.80	1,018,989	\$ 0.91

Exercise Price (CDN\$)	Options outstanding	Weighted average remaining contractual life	Options exercisable
0.70	790,212	7.04 years	636,876
0.80	291,732	6.63 years	291,732
1.70	2,500	0.37 years	2,500
2.30	12,381	1.38 years	12,381
2.70	33,000	2.13 years	24,750
	1,129,825	6.70 years	968,239

During the three months ended March 31, 2020, the estimated forfeiture rate was 10.36%. During the three months ended March 31, 2020, the Company recognized \$7 (three months ended March 31, 2019 - \$18) of non-cash compensation expense related to the share option plan.

(e) Omnibus plan:

The omnibus plan was approved by the shareholders at the Annual General Meeting on March 15, 2018 and replaces the share option plan, the employee share compensation plan and the director's share compensation plan, which provided for shares to be issued to employees and directors as compensation for services. . The omnibus plan permits the issuance of options, stock appreciation rights, restricted share units and other share-based awards under one single plan.

The maximum number of common shares reserved under the omnibus plan is 3,363,631. Any common shares reserved under the predecessor share option plan related to awards that expire or forfeit will be rolled into the omnibus plan. As of March 31, 2020, 1,129,825 share options and 1,050,400 RSUs are issued and outstanding. In addition, 872,183 Class A common shares were issued during 2018 under the plan, leaving 311,223 awards remain available for future issuance.

Page 10

The following tables summarize information regarding RSUs outstanding:

	March 31, 2020	December 31, 2019
	Number of RSUs	Number of RSUs
RSUs outstanding, beginning of period	1,050,400	430,200
Issued	-	655,000
Forfeitures	-	(34,800)
RSUs outstanding, end of period	1,050,400	1,050,400

During the three months ended March 31, 2020, the Company recognized \$15 (three months ended March 31, 2019 - \$14) of non-cash compensation expense related to the RSUs.

(f) Share-based compensation expense:

Non-cash compensation expense has been included in operating costs with respect to the share options, RSUs and shares granted to employees and non-employees as follows:

For the three months ended March 31,	2020	2019
Employees	\$ 22	\$ 32
Non-cash compensation	\$ 22	\$ 32

12. Class A common share purchase warrants:

The warrant amounts and prices have been adjusted because of the December 2017 share consolidation. The following table details the number of Class A common share purchase warrants outstanding at each balance sheet date:

Grant Date	Expiry Date	Exercise Price	Granted	Anti-dilution Adjustment	Number of Warrants Outstanding December 31, 2019	Expired	Number of Warrants Outstanding March 31, 2020
4/1/2015	9/1/2020	US\$ 0.70	458,907	87,549	546,456	-	546,456
			458,906	87,549	546,456	-	546,456

Each warrant entitles its holder to purchase one Class A common share. The 546,456 outstanding warrants denominated in United States dollars are recognized as part of share capital. At December 31, 2018 and 2019 \$385 is included in share capital related to these warrants. As the exercise prices are denominated in U.S. dollars, the Company's functional currency, the warrants are not considered a derivative liability and are not required to be recorded as a financial liability and revalued at each balance sheet date.

13. Segmented information:

The operations of the Company are in one industry segment: digital mapping and related services. Revenue by geographic segment is included in Note 9.

Property and equipment of the Company are located as follows:

	March 31, 2020	December 31, 2019
United States	\$ 4,270	\$ 4,399
Canada	64	75
Europe	34	38
Asia/Pacific	36	43
	\$ 4,404	\$ 4,555

A summary of sales to major customers that exceeded 10% of total sales during each period are as follows:

Three months ended March 31,	2020	2019
Customer A	\$ 570	\$ -
Customer B	131	173
Customer C	224	54
	\$ 925	\$ 227

14. Financial risk management:

The Company has exposure to the following risks from its use of financial instruments: credit risk, market risk, liquidity risk, and capital risk. Management, the Board of Directors, and the Audit Committee monitor risk management activities and review the adequacy of such activities. There have been no significant changes to the Company's risk management strategies since December 31, 2019.

Trade receivables as of March 31, 2020 and December 31, 2019, consist of:

An aging of the Company's trade receivables are as follows:

	March 31, 2020	December 31, 2019
Current	\$ 604	\$ 682
31-60 days	16	20
61-90 days	-	1
Over 91 days	359	-
	<u>\$ 979</u>	<u>\$ 703</u>

The balance of the past due amounts relates to reoccurring customers and are considered collectible.

15. Fair values:

The fair values of the financial assets and liabilities are shown at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- Cash, amounts receivable, accounts payable and accrued liabilities and provisions approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Notes payable are evaluated by the Company based on parameters such as interest rates and the risk characteristics of the instrument.
- The fair value of the non-broker warrants is estimated using the Black-Scholes option pricing model incorporating various inputs including the underlying price volatility and discount rate.

(a) Fair value hierarchy:

Financial instruments recorded at fair value on the Condensed Consolidated Interim Balance Sheet are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 – valuations based on quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices);

Level 3 – valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

During the reporting periods, there were no transfers between Level 1 and Level 2 fair value measurements.

16. Subsequent events:

On May 7, 2020, the Company received loan proceeds of approximately \$562 under the Paycheck Protection Program (PPP) in the United States. The PPP, established as part of the Coronavirus Aid, Relief and Economic Security Act, provides for loans to qualifying businesses for amounts up to 2.5 times of the average monthly payroll expenses of the qualifying business. The loans and accrued interest are forgivable after eight weeks if the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities. The unforgiven portion of the PPP loan is payable over two years at an interest rate of 1%, with a deferral of payments for the first six months. The Company intends to use the proceeds for purposes consistent with the PPP.

On June 2, 2020, the Company entered into a settlement agreement with PenderFund Capital Management Ltd. (Pender), the manager of the Vertex Fund. Under the terms of the agreement, following receipt of a \$1,000 cash payment by September 1, 2020, Vertex and Pender shall release all liens, extinguish the notes payable, and the parties shall provide for a general release from all claims associated with the Vertex financings.
