INTERMAP TECHNOLOGIES CORPORATION

NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

TO: THE HOLDERS OF COMMON SHARES OF INTERMAP TECHNOLOGIES CORPORATION

NOTICE IS HEREBY GIVEN that the Annual General Meeting (the “**Meeting**”) of holders of Class A common shares (“**Common Shares**”) of Intermap Technologies Corporation (the “**Corporation**”) will be held at the offices of Norton Rose Fulbright Canada LLP, 3700, 400 Third Avenue S.W., Calgary, Alberta T2P 4H2 on June 15, 2022, commencing at 11:00 a.m. (Calgary time).

The Meeting is being held for the following purposes:

1. to receive the financial statements for the year ended December 31, 2021 and the auditors’ report thereon;
2. to elect the directors of the Corporation for the ensuing year;
3. to approve the appointment of KPMG LLP, Chartered Accountants, as auditors of the Corporation for the ensuing year and authorize the board of directors of the Corporation (“**Board of Directors**” or the “**Board**”) to fix their remuneration; and
4. to transact such other business as may be properly brought before the Meeting or any adjournment or postponement thereof, each as described in the Information Circular.

The Board of Directors has fixed the close of business on May 10, 2022 as the record date for the determination of shareholders entitled to receive notice of and to vote at the Meeting and at any adjournment or postponement thereof.

INFORMATION RELATING TO THE MATTERS TO BE BROUGHT BEFORE THE MEETING IS SET FORTH IN THE MANAGEMENT INFORMATION CIRCULAR WHICH ACCOMPANIES THIS NOTICE AND WHICH IS EXPRESSLY MADE A PART OF THIS NOTICE.

Shareholders who are unable or do not wish to attend the Meeting are requested to date, sign and return the enclosed form of proxy duly completed to **Computershare Trust Company of Canada, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1**, so that it is received not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time set for the Meeting or any adjournment or postponement thereof to ensure representation whether or not such shareholder is able to attend the Meeting virtually. If the shareholder receives more than one instrument of proxy because such shareholder owns Common Shares of the Corporation registered in different names or addresses, each instrument of proxy should be completed and returned. The Chairman of the Meeting may waive or extend the proxy deadline without notice, and late proxies may be accepted or rejected by the Chairman in his discretion; however, the Chairman is under no obligation to accept or reject any particular late proxy.

Intermap intends to hold the Meeting in person. However, Intermap may be required to take additional precautionary measures in relation to the Meeting in response to any further developments with the COVID-19 pandemic. In the event it is not possible or advisable to hold the Meeting in person, Intermap will announce alternative arrangements for the Meeting as promptly as practicable, which may include holding

the Meeting entirely by electronic means, telephone or other communication facilities. Please monitor our website at www.intermap.com for updated information.

DATED at Calgary, Alberta on May 16, 2022.

**BY ORDER OF THE BOARD OF
DIRECTORS**

(Signed) "*Patrick A. Blott*"

INTERMAP TECHNOLOGIES CORPORATION
MANAGEMENT INFORMATION CIRCULAR
SOLICITATION OF PROXIES

This management information circular (the “Information Circular”) is furnished by the management of Intermap Technologies Corporation (the “Corporation”) in connection with the solicitation of proxies for use at the Annual General Meeting (the “Meeting”) of holders (“Shareholders”) of Class A common shares (“Common Shares”) of the Corporation to be held at the offices of Norton Rose Fulbright Canada LLP at 3700, 400 Third Avenue SW, Calgary, Alberta T2P 4H2 on June 15, 2022, commencing at 11:00 a.m. (Calgary time) and at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Meeting and this Information Circular. To be valid, proxies must be delivered to Computershare Trust Company of Canada at the address shown on the enclosed envelope not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting. Only a Shareholder of record at the close of business on May 10, 2022, unless that Shareholder has transferred its Common Shares subsequent to that date and the transferee Shareholder establishes ownership of those Common Shares and demands at least ten days before the Meeting that its name be included on the list of shareholders, will be entitled to vote at the Meeting.

The instrument appointing a proxy shall be in writing and shall be executed by the Shareholder or its attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed Form of Proxy are directors and executive officers of the Corporation. A Shareholder submitting the proxy has the right to appoint a person (who need not be a Shareholder) other than the persons named in the enclosed Form of Proxy to represent it at the Meeting. To exercise this right, the Shareholder should insert the name of the desired representative in the blank space provided in the Form of Proxy and strike out the other names, or submit another appropriate proxy.

REVOCABILITY OF PROXY

A Shareholder who has submitted a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by the Shareholder or its attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited either at the head office of the Corporation at any time up to 4:30 p.m. (Calgary time) on the last business day before the day of the Meeting, or with the Chairman of the Meeting on the day of the Meeting, and upon either of such deposits, the proxy is revoked.

PERSONS MAKING THE SOLICITATION

This solicitation is made by and on behalf of the management of the Corporation. The costs incurred in the preparation and mailing of the Form of Proxy, Notice of Meeting and this Information Circular will be borne by the Corporation. In addition to the use of mail, proxies may be solicited in person, by telephone or by electronic communications by the directors, officers and employees of the Corporation, who will not be remunerated therefor. In accordance with National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares (as defined below) held of record by

such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so.

APPOINTMENT OF PROXY

The securities represented by proxies in favor of management nominees will be voted on any poll at the Meeting, and where the Shareholder specifies a choice with respect to any matter to be acted upon; the securities will be voted or withheld from voting on any poll in accordance with the specification so made.

In the absence of such specification, such securities will be voted in favor of the matters to be acted upon as set out herein. The persons appointed under the Form of Proxy furnished by the Corporation are conferred with discretionary authority with respect to amendments or variations of those matters specified in the Form of Proxy and Notice of Meeting and with respect to any other matters which may properly be brought before the Meeting. In the event that amendments or variations to any matter identified in the Notice of Meeting are properly brought before the Meeting, it is the intention of the persons designated in the enclosed Form of Proxy to vote in accordance with their best judgment on such matter or business. At the time of printing this Information Circular, the management of the Corporation knows of no such amendment, variation, or other matter.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders who appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, not be registered in the Shareholders name. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as depository for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communication Solutions (“**Broadridge**”). Broadridge typically mails its voting instruction form to the Beneficial Shareholders and asks Beneficial Shareholders to return their voting instruction form to Broadridge by mail or facsimile. Alternatively, Beneficial Shareholders can call a toll-

free telephone number or access the internet to vote their Common Shares. The toll-free telephone number and website www.proxy-vote.com are also included by Broadridge in its voting instruction form. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at a meeting. **A Beneficial Shareholder receiving a voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted at the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of its broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder, should enter their own names in the blank space on the voting instruction form provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

RECORD DATE

The board of directors of the Corporation (the “**Board of Directors**” or the “**Board**”) has fixed May 10, 2022 as the record date (the “**Record Date**”) for the determination of Shareholders entitled to receive notice of and to vote at the Meeting and at any adjournment or postponement thereof. Shareholders of record at the close of business on the Record Date are entitled to such notice and to vote at the Meeting.

INTERESTS OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as set forth herein, management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any person who has been a director or executive officer of the Corporation at any time since the beginning of the Corporation's last financial year, or of any nominee for election as a director, or of any associate or affiliate of any such persons, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors.

ADVANCE NOTICE BY-LAW

In 2018, Shareholders approved the Amended and Restated By-Law No. 1 of the Corporation, which includes a provision that establishes a framework for advance notice of nominations of persons for election to the Board (the “**Advance Notice By-Law**”). The Advance Notice By-Law sets deadlines of a prescribed number of days before a shareholders' meeting for a Shareholder to notify the Chief Executive Officer of the Corporation of its intention to nominate one or more directors and explains the information that must be included with the notice for it to be valid. The Advance Notice By-Law applies at an annual meeting of shareholders or a special meeting of shareholders that was called to elect directors (whether or not also called for other purposes) and may be waived by the Board.

In the case of an annual meeting of shareholders (including an annual and special meeting), notice to the Chief Executive Officer of the Corporation pursuant to the Advance Notice By-Law must be given not less than 30 nor more than 65 days prior to the date of the annual meeting. In the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice must be given not later than the close of business on the 10th day following the notice date. As at the date of this Circular, the Corporation had not received any additional director nominations for the meeting.

REPORTING CURRENCY

All of the financial information in this Information Circular has been presented, unless otherwise noted, in United States dollars. The presentation currency for the audited financial statements of the Corporation for the year ended December 31, 2021 is in United States dollars.

MATTERS TO BE ACTED UPON AT THE MEETING

1. Annual Report, Financial Statements and Auditors' Report

Pursuant to the Act, the directors will place before the Shareholders at the Meeting the audited financial statements of the Corporation for the year ended December 31, 2021 and the auditors' report thereon. Copies of the audited annual financial statements for the year ended December 31, 2021 are available on SEDAR (www.sedar.com) under the Corporation's profile. Shareholder approval is not required in relation to the statements.

2. Election of Directors

Action is to be taken at the meeting with respect to the election of directors. The Board of Directors presently consists of four members. The current directors are Patrick A. Blott, Philippe Frappier, John (Jack) Hild and Jordan Tongalson. All of the current directors have indicated an intention stand for re-election as directors of the Corporation at the Meeting. Each director elected will hold office until the next annual meeting of the Shareholders or until his successor is duly elected or appointed, unless his office is earlier vacated under any of the relevant provisions of the Articles of the Corporation or the Act.

The Board has adopted a policy stipulating that if the votes in favor of the election of a director nominee at a shareholders' meeting represent less than a majority of the Common Shares voted at the shareholders' meeting, the nominee will submit his or her resignation promptly after the meeting, for the Nominating and Governance Committee's consideration. The Committee will make a recommendation to the Board after reviewing the matter, and the Board's decision to accept or reject the resignation offer will be disclosed to the public. The nominee will not participate in any committee or Board deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

Four directors will be elected at the Meeting and the four nominated directors receiving the highest number of FOR votes duly cast at the Meeting will be elected to the Board.

Unless otherwise directed, it is the intention of the management designees, if named as proxy, to vote FOR the election to the Board of Directors of those persons hereinafter designated as nominees for election as directors.

The following table sets out the name of each of the persons proposed to be nominated for election as a director; the director's residence; all positions and offices in the Corporation presently held by him; his principal occupation; the period during which he has served as a director; and the number of voting shares of the Corporation that he has advised are beneficially owned, or controlled or directed by him, directly or indirectly.

The current directors beneficially own, directly or indirectly or exercise control and direction over an aggregate of 19.4% of the issued and outstanding Common Shares of the Corporation.

The information as to Common Shares beneficially owned, not being within the knowledge of the Corporation, has been furnished by the respective individuals.

Orders

To the knowledge of management of the Corporation, no proposed director is, as at the date hereof, or has been within 10 years before the date hereof, a director, chief executive officer or chief financial officer of any company (including the Corporation) that (a) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer, or (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer

or chief financial officer. For the purposes of the hereof, “order” means (a) a cease trade order, (b) an order similar to a cease trade order, or (c) an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days.

Bankruptcies

To the knowledge of management of the Corporation, no proposed director of the Corporation (a) is, as at the date hereof, or has been within the 10 years before the date hereof, a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets, or (b) has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Penalties and Sanctions

To the knowledge of management of the Corporation, no proposed director has been subject to (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

3. Appointment of Auditors

At the Meeting, the Shareholders will be asked to appoint KPMG LLP as auditors of the Corporation to serve until the close of the next annual meeting of shareholders of the Corporation and to authorize the Board to fix their remuneration. KPMG LLP has been the auditor of the Corporation since incorporation.

Information relating to the Corporation’s Audit Committee as prescribed by National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”) is contained in the Corporation’s Annual Information Form for the year ended December 31, 2021 commencing on page 28.

Unless otherwise directed, it is the intention of the management designees, if named as proxy, to vote FOR the appointment of KPMG LLP as auditors of the Corporation at a remuneration to be fixed by the Board of Directors.

4. Other Matters

Management of the Corporation is not aware of any other matters to come before the Meeting other than as set forth in the Notice of Annual General Meeting. If any other matter properly comes before the Meeting, it is the intention of the persons named in the enclosed instrument of proxy to vote the shares represented thereby in accordance with their best judgement on such matter(s).

INFORMATION CONCERNING THE CORPORATION

Voting Shares and Principal Holders Thereof

The authorized share capital of the Corporation consists of an unlimited number of Common Shares and an unlimited number of preferred shares (the “**Preferred Shares**”).

As at the Record Date, May 10, 2022, there were 33,423,710 Common Shares issued and outstanding and no Preferred Shares issued and outstanding. Each Common Share carries the right to one (1) vote on a ballot at the Meeting.

A quorum for the transaction of business at the Meeting will be present if two persons are present and holding or representing by proxy 5% of the securities entitled to vote at the Meeting. Pursuant to the Act and the bylaws of the Corporation, if a quorum is present at the opening of the Meeting, the shareholders present may proceed with the business of the Meeting notwithstanding that a quorum is not present throughout the Meeting. If a quorum is not present at the opening of the Meeting, the shareholders present may adjourn or postpone the Meeting to a fixed time and place but may not transact any other business.

The holders of Common Shares are entitled to notice of and to vote at all annual and special meetings of shareholders (except meetings at which only holders of a specified class or series of shares are entitled to vote) and are entitled to one vote per Common Share.

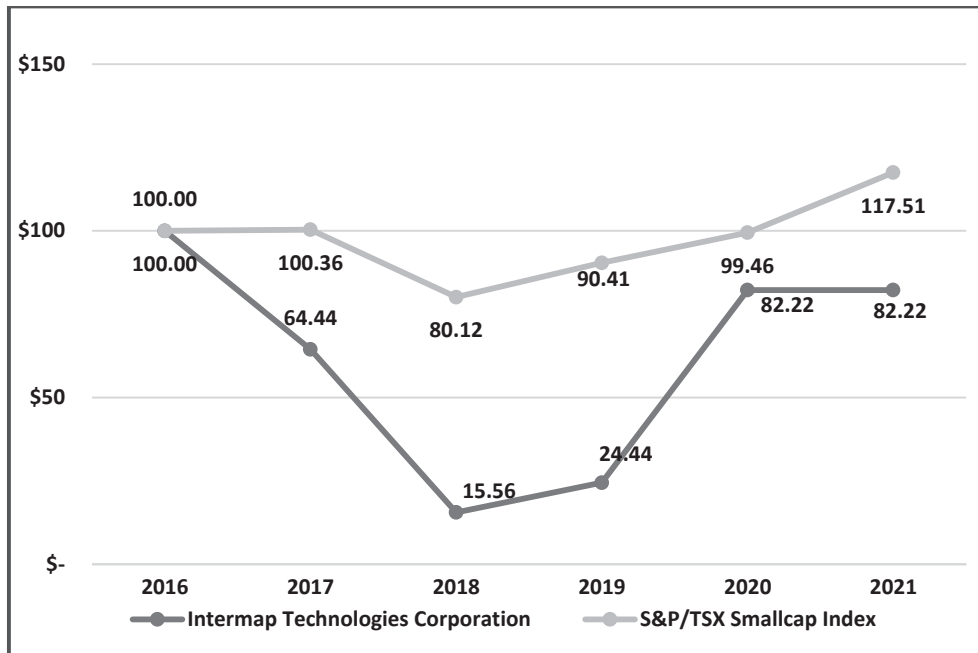

Principal Shareholders

To the knowledge of the directors and executive officers of the Corporation, as at the date hereof, the persons noted in the following table were the only persons that beneficially owned, directly or indirectly, or exercised control or direction over, voting securities carrying more than 10% of the voting rights attached to any class of voting securities of the Corporation:

Name and Municipality of Residence of Shareholder	Type of Ownership	Approximate Number of Common Shares Owned or Controlled	Percentage of Class
Patrick A. Blott New York, U.S.A.	Beneficial	6,186,844	18.5%

PERFORMANCE GRAPH

The following graph compares the cumulative total shareholder return for the Common Shares of the Corporation (assuming a \$100 investment was made on December 31, 2015) with the cumulative total return of the S&P/TSX Smallcap Index, assuming reinvestment of dividends (see “**Base Salary**” and “**Directors’ Fees**” below for trends in executive and director compensation).

	Dec. 31, 2016	Dec. 30, 2017	Dec. 29, 2018	Dec. 31, 2019	Dec. 31, 2020	Dec. 31, 2021
Intermap Technologies Corporation	\$ 0.90	\$ 0.58	\$ 0.14	\$ 0.22	\$ 0.74	\$ 0.74
S&P/TSX Smallcap Index	659	661	528	595	655	774

The trend in the above graph does not necessarily correspond to the Corporation’s compensation paid to the Named Executive Officers (as defined herein) for the period ending December 31, 2021, or for any prior periods. The Board of Directors considers a number of factors in connection with its determination of appropriate levels of compensation including, but not limited to, the stage of development of the Corporation’s products, access to resources, individual performance and the Corporation’s performance. The Board of Directors acknowledged the Corporation’s limited resources, restrictions on access to capital and illiquidity in the Common Shares, which impacted its ability to retain executive talent, attract new talent and impacted the level of compensation required to be paid to retain executive officers. These factors include, but are not limited to: (i) the volatility of the industry the Corporation operates within; (ii) the reliance on significant non-recurring government contracts, both domestically and internationally; (iii) the development of new products and solutions that are in the early days of introduction to the markets; (iv) the current limited amounts of annual recurring revenue; (v) the limited amount of working capital available to the Corporation for development and marketing activities; and (vi) limited human capital resources available to execute strategic initiatives. The Board considered these factors and relied on input from a compensation consultant when approving compensation in 2017, and since 2018 has determined to keep compensation the same as a result of the substantial reduction in the Corporation’s workforce, including certain senior officer positions, which has resulted in additional roles and responsibilities for the named

executive officers. The trading price of Common Shares is subject to fluctuations based on a number of factors, many of which are outside the control of the Corporation, and including, but not limited to: (i) actual or anticipated variations in operating results; (ii) the strength of the Corporation's balance sheet; (iii) the announcement of material contract(s); (iv) the low daily trading volume of the Corporation's stock, partially driven by limited promotion in the market; (v) announcement of technological innovations or new products by the Corporation or its competitors; (vi) competition, including pricing pressures and the potential impact of competitors products on sales; (vii) changing conditions in the digital mapping and related industries; (viii) changes in financial estimates or recommendations by stock market analysts regarding Intermap or its competitors; (ix) announcements by Intermap or its competitors of acquisitions; strategic partnerships, or joint ventures; and (x) changes in economic or political conditions.

STATEMENT OF EXECUTIVE COMPENSATION

The following sections set forth the remuneration for the “**Named Executive Officers**” (or “**NEOs**”), being the Chief Executive Officer and the Chief Financial Officer, who were serving as executive officers during the most recently completed financial year and the three other most highly compensated executive officers whose total compensation exceeded \$150,000 for the last fiscal year, as well as a description of all other applicable compensation provided to the executive officers of the Corporation.

Compensation Discussion and Analysis

General

Starting in 2020 the Corporation was required to shift its focus to maintaining its subscription-based revenue as a result of the COVID-19 global pandemic, while also raising capital to recapitalize the balance sheet and prepare for growth following the pandemic. Given the headcount reductions in prior years, it was important to retain the remaining talent during 2020 and 2021 in order to be prepared to execute on expected near term contract awards. All current executives maintain responsibility for cross functional leadership and execution.

Compensation Objective

The current objective of the Corporation's compensation program (the “**Compensation Program**”) is to attract and retain high quality management and develop a strong performance-driven culture. As revenue and market penetration grows, the Corporation anticipates the value of equity compensation to also grow. During 2017, the Board engaged PricewaterhouseCoopers (“**PWC Canada**”) to consult regarding CEO compensation. Despite changes to numerous factors on which the Board bases the Compensation Program since that time, the Board of Directors has also given weight to the objective of retaining management and incentivizing strong performance with a substantially smaller workforce available to execute the Corporation's operations.

The Compensation Program that was in place during 2021, provided for “Total Compensation,” through a combination of base salary, performance-based incentives and benefit programs. Performance-based incentives through share-based compensation would typically form a greater component of total compensation, however share-based compensation was limited in 2021 due to limitations on the number of shares available under the approved share-based incentive plans and the current low pricing (and thus low value) of this type of compensation.

Role of Executive Officers

In respect to the establishment of 2021 compensation, the Chief Executive Officer provided the Compensation Committee of the Corporation (the “**Committee**”) with compensation recommendations for

each of the executives, other than himself. In making compensation recommendations, the Chief Executive Officer considered each executive's performance and other relevant factors, including the scope of each executive's position and responsibilities, the achievement of corporate goals, the current business environment and anticipated changes, and executive retention and recruitment. The Chief Executive Officer regularly attended meetings of the Committee. During 2021, there were at least four meetings of the Compensation Committee to review compensation and organizational restructuring. The Chief Executive Officer was not present for certain portions of the Committee meetings, such as when the Committee held discussed the performance or individual compensation of the Chief Executive Officer.

Role of the Compensation Committee

Pursuant to its charter, the Committee is responsible for reviewing and making recommendations to the Board in respect of human resource policies, practices and structures, compensation policies and guidelines, management incentives, senior management compensation and Board of Directors compensation.

The Committee had oversight responsibility for the Corporation's 2021 executive Compensation Program and made recommendations to the Board of Directors. During 2021, the Compensation Committee was comprised of Patrick Blott, Philippe Frappier (Chairman), Jack Hild and Jordan Tongalson. The Committee reviews and approves all proposed compensation related agreements between executives and the Corporation. Messrs. Frappier, Hild and Tongalson, three of the four current directors, are independent, non-employee directors, and are not eligible to participate in any of the Corporation's benefit programs, other than the Corporation's Omnibus Incentive Plan. Mr. Frappier has advised and negotiated executive compensation and has led compensation reviews for his clients over the past 16 years in his role as Senior Partner for Searchlight Recruitment and Vice President Client Services at IQ Partners, executive search firms.

Elements of Executive Officer Compensation during 2021

During 2021 the Corporation's Compensation Program had three principal components: base salary, incentive bonus plan and restricted stock units.

Base Salary

The base salary element was designed to establish a target compensation level of fixed income based on the comparative market value of each position. Additionally, the base salary was the metric upon which bonus compensation was based. The 2021 base salaries were not adjusted from the 2018 levels in light of the significant staffing changes that have occurred, resulting in additional roles and responsibilities for the remaining NEOs. Base salaries were determined in 2018 based on the scope of the executive's responsibilities and the compensation levels for their positions relative to the market, so that salary levels remain competitive in an effort to build and retain an effective executive team.

Base salaries for the NEOs were as follows for the 2021 calendar year:

<u>Name</u>	<u>Annual Base Salary</u>
Patrick A. Blott	\$450,000
Jennifer S. Bakken	\$210,600

Incentive Bonus Plan

As in prior years, the Committee approved an annual incentive bonus plan to provide cash or Common Share bonus payments to the NEOs and other employees who are considered to have a significant role in the long-term success of the Corporation. The bonus payments were based upon corporate and individual

objectives approved by the Board of Directors. The bonus plan was designed to be at-risk and to provide an incentive to the participants to achieve and exceed goals set by the Corporation and approved by the Board of Directors. For 2021, the annual incentive bonus payout targets (as a percentage of annual base salary) were 100% for Mr. Blott and 50% for Mrs. Bakken. For 2021, the individual objectives on which incentive bonus payments were to be measured included: adjusted EBITDA (a non-IFRS measure, defined as earnings before interest, taxes, depreciation and amortization, adjusted further for non-recurring events and as detailed in the Corporation's periodic Management's Discussion and Analysis ("MD&A"). Further information on how adjusted EBITDA is calculated and used by the Corporation can be found in the Corporation's MD&A for the year ended December 31, 2021, which is available under the Corporation's profile on the System for Electronic Document Analysis and Retrieval ("SEDAR") at www.sedar.com), total revenue, software related revenue and strategic initiative development. As the objectives are evaluated on an individual basis, no standard weight is applied to each metric. For the year ended December 31, 2021, a particularly challenging year given the on-going impact of COVID-19 on sales and operations, no bonus compensation was recognized.

Compensation Risk

In connection with the 2021 executive compensation review, the Compensation Committee sought to identify risks associated with compensation and the practices in place to mitigate such risk. The review considered pay philosophy and governance, compensation components, long-term incentives, performance measurements, share ownership, and other policies and procedures.

Omnibus Incentive Plan

The Shareholders approved the Omnibus Incentive Plan at the Corporation's Annual General Meeting on March 15, 2018. The Omnibus Incentive Plan replaced the Option Plan, Employee Share Plan, and the Director Share Plan. Options that were granted and are outstanding under the Option Plan will remain subject to the terms and conditions of the Option Plan; however, no new options will be granted under the Option Plan.

The Omnibus Incentive Plan contemplates the granting of Options, stock appreciation rights ("SARs"), restricted share units ("RSUs") and other share-based awards ("**Other Awards**" and together with Options, SARs and RSUs, "**Awards**") under a single plan. The purpose of the Omnibus Incentive Plan is to advance the interests of the Corporation by enabling grants of Awards to be made to selected participants so as to provide an additional incentive to such participants, encourage share ownership by them and thereby increase their proprietary interest in the Corporation's success and their desire to remain with the Corporation. The Plan also assists the Corporation in attracting and retaining key employees and directors. Equity in the form of Awards forms a key element of the total compensation for each executive and is considered each year as part of the annual performance review process.

See Schedule "A" for a detailed summary of the Omnibus Incentive Plan.

Option Plan and Option-based Awards

Prior to the establishment of the Omnibus Incentive Plan, the Corporation granted Options to certain employees (including executive officers) who were considered to have a significant role in the long-term success of the Corporation. The Option Plan was discontinued effective as of March 15, 2018, but Options granted pursuant to the Option Plan remain outstanding until they are exercised or they expire or are terminated, cancelled or extinguished.

Options give the individual the right to purchase at a pre-set price (the market price of the Corporation's stock when the Option is granted), a specific number of Common Shares of the Corporation's stock at future dates, and the executives can exercise this right as the Options vest (i.e., become exercisable) during the life of the Option (generally the Board has set a four year vesting period with a six year option life for employees of the Corporation, as determined by the Board in its discretion at the time of the grant). The value of any Option awards made to the executive officers is determined using the Black-Scholes option pricing model.

For details on the Options granted to the NEOs, see "Incentive Plan Awards" below. The NEOs are not permitted to purchase financial instruments (hedges, etc.) to offset decreases in market value of equity securities held by such NEO.

Benefit Plans

To help attract and retain key executives, the Corporation offers a competitive benefits program that ranks in the top quartile of benefit programs offered in the region. The program provides benefits to the executive officers on the same terms as are available to all other employees in the jurisdictions where they reside, and typically includes health care, dental care, vision care, disability and life insurance.

The Corporation does not provide any pension or retirement benefits to its employees (including its executive officers) other than a Corporation sponsored 401(k) plan in the United States and a Registered Retirement Savings Plan ("RRSP") in Canada. All 401(k) and RRSP matching contributions, if any, are subject to annual review and the approval of the Board of Directors and are conditional principally on the financial performance and condition of the Corporation. The matching of contributions for the executive officers is on the same terms as offered to all other employees participating in the plans. The matching contributions were suspended for all employees on August 16, 2016. Employee and employer match contributions are immediately vested at 100%.

Employment Contracts

On April 12, 2017, upon the recommendation of the Compensation Committee Chairman supported by a benchmarking analysis conducted by PWC Canada at that time, the Corporation entered into an employment agreement with Patrick Blott, pursuant to which Mr. Blott served as Chairman & Chief Executive Officer of the Corporation from March 1, 2017 through to September 1, 2020. On August 27, 2020, the Compensation Committee unanimously and enthusiastically approved the renewal of the CEO Employment Agreement on the same terms through September 1, 2023. The contract is intended to directly correlate to Mr. Blott's specialized experience with special situations and turnaround financing, in addition to unique skills with knowledge of the industry.

Mr. Blott's employment agreement provides for an annual base salary of \$450,000 to be paid in cash. Mr. Blott is eligible to receive a performance bonus up to \$450,000, payable in cash, Options or Common Shares, in each fiscal year based on the achievement of goals approved by the Board of Directors on an annual basis. The employment agreement also contains non-competition provisions that prevent Mr. Blott from providing services following termination of employment for a period of one year in the markets being pursued by the Corporation, subject to certain exceptions. Under the Director Retention Agreement, Mr. Blott is entitled to additional payments upon a Change of Control, including a cash payment of \$600,000. Further, if Mr. Blott is terminated pursuant to a Change of Control, he is entitled to additional amounts under the employment agreement equal to \$1,350,000 annual base salary and \$675,000 maximum bonus. A "Change in Control", pursuant to Mr. Blott's employment agreement, means: (i) any individual or related group (as that term is defined in the *Income Tax Act* (Canada)) of shareholders or the Corporation acquires or retires 50% of the voting securities of the Corporation in one or a series of transactions; (ii) a reduction

in Vertex’s investment (other than by debt repayment or conversion) of 15% or more or an acquisition by any third party of Common Shares such that such third party will own 10% of more of the outstanding Common Shares or the involuntary termination of the Executive Chairman’s service as a director; (iii) the sale, lease exchange or other disposition of more than 50% of the Corporation’s property or assets; or (iv) the removal of the Chief Executive Officer as Executive Chairman without the affirmative vote of the Chief Executive Officer.

On November 14, 2019, Patrick Blott acquired 5,651,005 Common Shares (the “**Vertex Acquisition**”) from Vertex One Asset Management Inc. (on behalf of Vertex Fund) (“**Vertex**”), which represented approximately 33% of the issued and outstanding Common Shares at the time. However, the Board determined, with the concurrence of Mr. Blott, that the Vertex Acquisition did not trigger a payment under the Change of Control provisions of Mr. Blott’s Employment Agreement.

Director Retention Plan

In January 2017, the Board approved a director retention plan (“**Director Retention Plan**”) which was intended to address short-term compensation and retention requirements for the new Board and those directors serving as executive officers. The Director Retention Plan includes the following payments in respect of the current directors and directors serving as executive officers in the event of a Change in Control (defined below):

- Chairman and Chief Executive Officer; a cash payment equal to the greater of (i) the value of all outstanding Options (that remain unexercised) after giving effect to the Change of Control and (ii) \$600,000 in cash (subject to reduction on a ratable basis in the event any prior granted Options are exercised). All outstanding Options will be cancelled upon the making of such payment.
- Directors (other than the Chairman and Chief Executive Officer and Chief Financial Officer); a cash payment equal to the greater of (i) the value of all outstanding Options (that remain unexercised) after giving effect to the Change of Control and (ii) \$300,000 in cash (subject to reduction on a ratable basis in the event any prior granted Options are exercised). All outstanding Options will be void upon the making of such payment.

A Change of Control, pursuant to the Director Retention Plan, is defined as (a) a reduction in Vertex’s investment (other than by debt repayment) of 15% or more, (b) an acquisition by any third party of Common Shares such that such third party will own 15% or more of the outstanding Common Shares or (c) the involuntary termination of the Executive Chairman’s service as a director. The Board similarly determined that the Vertex Acquisition did not trigger a payment under the Change of Control provisions of the Director Retention Plan.

Summary Compensation Table

The following table sets forth the total compensation paid to or earned by the NEOs for the Corporation’s fiscal years ended December 31, 2021, 2020, and 2019.

Notes:

- (1) Amount expensed for financial reporting purposes over the full term of the security with respect to the fair value of Options and RSUs granted using the Black-Scholes option pricing model as of the date of grant. The amount reflects the accounting expense for these awards and does not correspond to the actual value that may or may not be recognized by the NEO. The Corporation has historically used this calculation for determining fair value and believes it is the most reasonable and supportable methodology available to estimate fair value.
- (2) Amount earned for services as a Director.

Retirement Benefits

The Corporation does not have a defined benefit plan or defined contribution plan, but does provide retirement benefits to its employees, including NEOs.

The Corporation sponsors a 401(k) retirement savings plan for all regular full-time employees (including executive officers) employed in the United States and a Registered Retirement Savings Plan (RRSP) in Canada. Employees participating in the 401(k) plan during 2021 could contribute up to 100% of their annual base earnings into the plan up to a limit of \$19,500. Contribution amounts may be indexed for inflation in subsequent years. Participants in the 401(k) plan turning age 50 in 2021 or prior had the option to contribute an additional \$6,500 into the plan. This additional contribution amount for age 50+ participants may also be indexed for inflation in subsequent years. Annual contributions into the 401(k) retirement savings plan are subject to an actual percentage deferral test. Participants in the RRSP could contribute the lesser of (i) 18% of prior year's earned income, (ii) the maximum annual contribution limit of C\$27,830, or (iii) the remaining limit after any Corporation sponsored pension plan contributions minus any pension adjustment, plus any unused RRSP contribution room. Participants in the RRSP who did not utilize their full contribution limit for the years 1992-2019 could carry forward unused RRSP contributions to 2020. During each the periods presented, 2019-2021, the Corporation did not match employee contributions.

Termination and Change in Control Benefits

Mr. Blott is the only NEO with a change in control agreement in place. Mr. Blott has made and is expected to continue to make major contributions to the short- and long-term profitability, growth and financial strength of the Corporation. Additionally, the Corporation recognizes that the possibility of a change in control exists and that such possibility, and the uncertainty it may create could result in the distraction or departure of Chairman and CEO, to the detriment of the Corporation and its shareholders. The Corporation wants to ensure Mr. Blott is not unduly distracted by the circumstances arising from the possibility of a change in control and believes it is important to be encouraged to continue his attention and dedication to the operations within the Corporation.

“Change in Control” is defined in Mr. Blott's employment agreement as described above. Assuming a Change in Control took place at December 31, 2020, the estimated incremental payments to Mr. Blott would have been \$2,625,000; representing \$600,000 that would be payable under the Director Retention Plan and \$1,350,000 annual base salary and \$675,000 maximum bonus that would be payable under his employment agreement.

Director Compensation

Director Compensation Table

The following table sets forth the value of all compensation awarded, earned, paid or payable to directors, not including those directors who are also NEOs, for the Corporation's most recently completed financial year. See “*Summary Compensation Table*” for compensation paid to directors who are also NEOs.

<u>Name</u>	<u>Fees earned (\$)⁽¹⁾</u>	<u>Share-based awards (\$)</u>	<u>Restricted share awards (\$)⁽²⁾</u>	<u>Non-equity incentive plan compensation (\$)</u>	<u>All other Compensation (\$)</u>	<u>Total (\$)</u>
Philippe Frappier	29,600	-	20,000	-		49,600
John (Jack) Hild	29,600	-	20,000	-		49,600
Jordan Tongalson	33,600	-	20,000	-		53,600

Notes:

- (1) Amounts represent fees earned during 2021. Unpaid fees that remain in accounts payable at December 31, 2021 are included in the table below.
- (2) Amount expensed for financial reporting purposes over the full term of the security with respect to the fair value of RSUs granted using the Black-Scholes option pricing model as of the date of grant. The amount reflects the accounting expense for these awards and does not correspond to the actual value that may or may not be recognized by the Director. The Corporation has historically used this calculation for determining fair value and believes it is the most reasonable and supportable methodology available to estimate fair value.

Directors' Fees

The compensation of non-employee directors consists of a cash component and a stock component. Each director is entitled to reimbursement for reasonable out-of-pocket expenses in connection with attending board and committee meetings. The directors are not permitted to purchase financial instruments (hedges, etc.) to offset decreases in market value of equity securities held by such director.

Each non-employee director receives an annual retainer of \$25,000. Subject to the availability of Common Shares under the Omnibus Incentive Plan, the director's annual retainer also includes the issuance of Restricted Share Units of approximately \$20,000. In addition to the annual retainer amounts, annual fees were earned during 2021 for the Chairman of the Board, the Audit Committee Chairman, the Nominating and Governance Committee Chairman, and the Compensation Committee Chairman in the amounts of \$15,000, \$8,000, \$4,000 and \$4,000, respectively. All fees other than the stock portion of the Annual Retainer are payable quarterly in arrears.

During 2021, given the cash management challenges aggravated by COVID-19, the Board of Directors elected to defer the payment of certain directors fees payable to the directors and continued the deferral of the payment of incentive compensation that was earned during 2018 and the 2019 and 2020 equity portion of annual compensation. The following table sets forth the accrual of directors' fees and annual incentive bonuses as of December 31, 2021 (there was no accrual for 2019, 2020 or 2021 annual incentive compensation):

Name	Director Fees (\$)	Incentive Compensation (\$)	Balance due at December 31, 2021 (\$)
Patrick A. Blott	70,000	240,000	310,000
Philippe Frappier	14,800	100,000	114,800
John (Jack) Hild	14,800	48,000	62,800
Jordan Tongalson	16,800	-	16,800

Outstanding Option-Based Awards and Share-Based Awards

The following table sets forth the Options and share-based awards granted and outstanding to the directors of the Corporation to purchase or acquire securities of the Corporation as at December 31, 2021.

Equity compensation plans not approved by the security holders	-	-	-
Total	2,153,827	C \$0.77	1,159,804

Notes:

- (1) The Shareholders replaced the Option Plan, the Directors' Share Plan and the Employee Compensation Plan with the Omnibus Incentive Plan at the March 15, 2018 Annual General Meeting of the Corporation. Securities under the old Option Plan will remain outstanding until they are exercised, forfeited or expired, but no new securities will be issued under the former Option Plan.
- (2) The amount represents the total number of Options (822,943) and Restricted Share Units (1,330,884) issued and outstanding at December 31, 2021 under the Corporation's Omnibus Incentive and Option Plans.
- (3) The amount represents the total number of Options, Stock Appreciation Rights, Restricted Share Units, and Common Shares available for future issuance at December 31, 2021, under the Corporation's Omnibus Incentive Plan.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND OTHERS

None of the directors or officers of the Corporation, nominees for election as a director of the Corporation, or associates of such persons have been indebted to the Corporation or any of its subsidiaries at any time since the beginning of the most recently completed fiscal year. No such person has been indebted to any other entity where such indebtedness is the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding provided by the Corporation or any of its subsidiaries in respect of

the purchase of securities or otherwise.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

The management of the Corporation is not aware of any material interest, direct or indirect, of any informed person or proposed director of the Corporation or any associate or affiliate of any such persons in any transaction since the commencement of the financial year ended December 31, 2021 or in any proposed transaction, which has materially affected or would materially affect the Corporation or any of its subsidiaries.

For the purposes of this Information Circular, an “informed person” means (i) a director or officer of the Corporation, (ii) a director or officer of a person or company that is itself an informed person, or (iii) any person or company who beneficially owns, directly or indirectly, and/or exercises control or direction over voting securities of the Corporation carrying more than 10% of the voting rights attaching to all outstanding voting securities of the Corporation.

CORPORATE GOVERNANCE

General

The Corporation and its Board of Directors are committed to maintaining a high standard of corporate governance. The Corporation continually assesses and updates its practices and believes it employs a leading system of corporate governance to ensure the interests of Shareholders are well-protected. The Corporation fully complies with all applicable regulatory requirements concerning corporate governance. In Canada, the Canadian securities regulatory authorities in all of the provinces and territories of Canada (collectively, the “CSA”) have adopted National Policy 58-201 *Corporate Governance Guidelines* (“NP 58-201”) and National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“NI 58-101”) effective June 30, 2005.

The Board of Directors and its committees evaluate and enhance the Corporation’s corporate governance practices by monitoring Canadian regulatory developments affecting corporate governance, accountability and transparency of public company disclosure.

The following statement of the Corporation’s existing corporate governance practices is made in accordance with Form 58-101FI of NI 58-101.

Board of Directors

General

During the past year, the Corporation has been actively focused on maintaining business operations and customer relationships during the COVID-19 pandemic. These activities have focused on:

- Applying for qualified government support programs in all jurisdictions in which the Corporation has operations;
- supporting the employee base and ensuring safe working arrangements while maintaining productivity and delivering consistent and reliable contract execution;
- improving operating efficiencies through cost saving initiatives;

- strategically focusing the Corporation’s sales efforts on government customers, to ensure the Corporation is properly positioned when government spending programs exit the COVID-19 environment; and
- restructuring the balance sheet.

Independence

During 2021, the Board was composed of four directors, three of whom are independent directors. The Board is responsible for determining whether or not each director is independent within the meaning of such term set forth in NI 58-101. In applying this definition, the Board considers all relationships of the directors with the Corporation, including business, family and other relationships. As the Chairman and Chief Executive Officer of the Corporation, Patrick A. Blott is a member of management and not considered to be independent. Mr. Blott is considered an “insider” and a “related” director. As Mr. Blott is the Chairman, the Corporation does not have an independent Chairman. Leadership for the independent directors is supported by the Audit Committee chairman, who meets with the independent directors at least quarterly.

Independent directors meet at every regularly scheduled meeting of the Board without the attendance of management to discuss the affairs of the Corporation. The independent directors met at least four times without management present at formal Board Meetings during the Corporation’s most recently completed financial year.

The Board has also determined that the directors Messrs. Frappier, Hild and Tongalson are independent directors on the basis that none of such directors have a direct or indirect material relationship with the issuer which could, in the view of the Board of Directors, be reasonably expected to interfere with the exercise of their independent judgment. The independent directors constitute a majority of the Board.

Board Meetings

During 2021, the Corporation’s Board held eight Board meetings either in person or via telephone conference. The overall combined attendance by the Corporation’s directors at Board meetings was 100%. The Corporation’s directors hold in-camera sessions, without non-independent directors and management members in attendance, at all formal Board meetings. In addition, the directors held informal meetings at least twelve times during the most recently completed financial year.

The attendance record of each of the directors of the Corporation for formal Board meetings held during 2021 is as follows:

<u>Name of Director</u>	<u>Attendance Record</u>
Patrick A. Blott	Attended 8 of 8 meetings
Philippe Frappier	Attended 8 of 8 meetings
John (Jack) Hild	Attended 8 of 8 meetings
Jordan Tongalson	Attended 8 of 8 meetings

Non-Intermap Directorships

The Board has not adopted a formal policy limiting the number of outside directorships of the Corporation's directors. As of December 31, 2021, there are no other public company board memberships held by director nominees of the Corporation.

Board Mandate

The Corporation's Board has not adopted a formal written mandate. The fundamental responsibility of the Board is to appoint a competent executive team, approve a strategic and compensation plan, and to oversee the management of the business in accordance with the Act and with a view to maximizing shareholder value and ensuring corporate conduct in an ethical and legal manner via an appropriate system of corporate governance and internal controls. The Board is also charged with approving guidelines, policies and goals for the Corporation. The Corporation has three committees to assist the Board of Directors in effectively carrying out its responsibilities. Each of these committees has the responsibilities described below. The Corporation has no written description for its committee chair positions; however, the Corporation has a mandate for each committee and the roles and responsibilities of each committee chair position are implied therein.

Compensation Committee - Charter and Composition

The charter of the Compensation Committee provides that the committee make recommendations regarding the compensation of officers, directors and employees. The Compensation Committee reviews all proposed agreements between executives and the Corporation and provides recommendations to the Board of Directors. The Compensation Committee is also responsible for administration of the Omnibus Incentive Plan and performance assessment. The Compensation Committee is comprised of Philippe Frappier (Chairman), Patrick Blott, John Hild and Jordan Tongalson. A majority of the Compensation Committee's members are independent. The independent members of the Compensation Committee meet at each regular Board Meeting, without the presence of management, to address any topics related to compensation of the non-independent member.

Audit Committee - Charter and Composition

The charter of the Audit Committee is to assist the Board of Directors in fulfilling its responsibilities in respect of the Corporation's financial reporting process, financial statements, management controls and systems, and the audit process. The Audit Committee also has oversight responsibility for certain aspects of risk management of the Corporation. The Audit Committee is comprised of Messrs. Tongalson (Chairman), Frappier and Hild. All of the Compensation Committee's members are independent.

Additional information regarding the Audit Committee may be found in the Corporation's Annual Information Form filed on SEDAR at www.sedar.com.

Nominating and Governance Committee - Charter and Composition

The charter of the Nominating and Governance Committee is to review and advance the governance of the Corporation and ensure that the Corporation maintains a culture of good governance practice. The Nominating and Governance Committee ("NGC") is responsible for constitution of the Board of Directors; nominations to the Board of Directors; Board member and chairman evaluation; Board education; Board committee charters; disclosure; conflicts of interest and insider trading; and officer appointments. The NGC is comprised of John Hild (Chairman), Patrick Blott, Philippe Frappier and Jordan Tongalson. A majority

of the NGC's members are independent. The independent members of the NGC meet at each regular Board Meeting, without the presence of management. In addition, each independent member meets throughout the year with potential Board of Director candidates.

Position Descriptions

The Corporation does not have written position descriptions for the Chairman and Chief Executive Officer, or any Committee Chairman. The Board is responsible for monitoring the Chief Executive Officer's performance to ensure that it is consistent with defined strategic, operational, and financial initiatives and goals, as well as the policies, guidelines and governance goals approved by the Board. As part of this process, the Board reviews and approves corporate goals and objectives relevant to the Chairman and Chief Executive Officer's compensation and evaluates the Chairman and Chief Executive Officer's and other senior management's performance in light of these corporate goals and objectives.

Orientation and Continuing Education of Directors

While the Corporation does not currently have a formal orientation and education program for new recruits to the Board of Directors, the Corporation has historically provided such orientation and education on an ad hoc and informal basis, including the use of internal published guideline material, personal education through the periodic use of a subject matter expert, and regular briefings that provide the Board with pertinent information on current corporate governance issues. All incoming directors are provided with materials summarizing the nature and operation of the Corporation's business.

Periodically, employees of the Corporation are invited to attend and present at Board meetings to discuss aspects of the Corporation's business. Additionally, certain of the directors have visited various locations where the business of the Corporation is conducted.

Finally, in addition to these specific events and other ongoing internal continuing education programs, directors are encouraged to attend external educational programs to assist in their development as a director of the Corporation.

Ethical Business Conduct

The Corporation has adopted a Corporate Code of Business Conduct and Ethics (the "**Code**") which sets out the basis on which the Corporation will operate as a principled corporation. The Code establishes the Corporation's commitment to conducting business ethically and legally. The Code applies to all officers, employees, contractors, consultants, (collectively, "**staff**") and directors. The Code makes specific reference to the maintenance of an ethical corporate climate and a compliance with legal and regulatory obligations. All staff and the directors of the Corporation are asked to review the Code confirming that they understand their individual responsibilities and will conform to the requirements of the Code. The Audit Committee monitors any reports pursuant to the Code at each of its quarterly meetings and if necessary, a special meeting of the Audit Committee, the Board and/or executive management can be held to manage or resolve any matters brought forth under the Code.

The Chairman and Chief Executive Officer and other executive officers of the Corporation are required to foster a corporate culture that promotes ethical practices and encourages individual integrity and social responsibility, all of which is monitored by the Board. The Code outlines that any "**reportable activity**" of an unethical nature may be reported through one or more of the following channels:

- (i) the employee's immediate supervisor or manager;

- (ii) Any member of senior management;
- (iii) the Chairman of the Audit Committee; and/or
- (iv) External Corporate Secretary (legal counsel) for “sensitive” activities or issues that the individual is uncomfortable reporting internally.

The Code ensures that any employee, who in good faith reports what it believes to be unethical activity, will be protected from threats of retaliation, discharge or other adverse actions or discrimination as a result of such a report.

The Board exercises independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest and any such director does not vote on any issue in which he has a material interest and is usually excused from the Board meeting while the matter is discussed.

There have been no material change reports filed since the beginning of the Corporation’s most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

A copy of the Code may be obtained from the Corporation website at www.intermap.com, and is also available on SEDAR at www.sedar.com.

Nomination of Directors

The Board has established the NGC which is comprised of all of the directors. The NGC’s mandate includes assessing and recommending new nominees to the Board although all board members are encouraged to recommend new candidates. In assessing new nominees, the Board seeks to ensure that there is a sufficient range of skills, expertise and experience to ensure that the Board can carry out its mandate and functions effectively. The NGC receives and evaluates suggestions for candidates from individual directors, the Chairman and Chief Executive Officer and, if needed or deemed advisable, from professional search organizations. The NGC gives consideration to the appropriate size of the Board for the ensuing year and, on a periodic basis, oversees the evaluation of, and assesses and considers the effectiveness of, the Board as a whole, the Committees of the Board and the contribution of individual members.

The NGC is also responsible for reviewing, reporting and providing recommendations for improvement to the Board with respect to all aspects of corporate governance. The NGC monitors best practices among major Canadian and U.S. companies to help ensure the Corporation continues to adhere to high standards of corporate governance.

Compensation

The Board has appointed the Compensation Committee which is comprised of all the directors. The Compensation Committee has a written mandate which establishes the responsibilities of the Compensation Committee. The Compensation Committee may engage outside resources if deemed advisable and has the authority to retain and terminate any consultant used in the evaluation of senior officer compensation. The primary function of the Compensation Committee is to assist the Board in carrying out its responsibilities by reviewing compensation and human resources issues in support of the achievement of the Corporation’s business strategy and making recommendations to the Board as appropriate. In particular, the Compensation Committee is responsible for reviewing and approving corporate goals and objectives relevant to Chief

Executive Officer compensation, evaluating the Chief Executive Officer's performance against those goals and objectives and making recommendations to the Board with respect to the Chairman and Chief Executive Officer's compensation. The Compensation Committee also approves and reports to the Board on compensation for the Corporation's other senior officers.

The Compensation Committee also reviews, comments on, and approves the Statement of Executive Compensation contained in this Information Circular.

Assessments of the Board

The Board is required to establish appropriate practices for the regular evaluation of the effectiveness of the Board, its Committees and its members. The NGC is responsible for assessing the effectiveness of the Board and Committees of the Board. The assessments include a review of an individual director's knowledge, skills, experience and meaningful contributions and are returned to the NGC for review. The NGC assesses the adequacy of information given to directors, communication between the Board and management and the processes of the Board and Committees. The NGC recommends to the Board any changes that would enhance the performance of the Board based on all of the NGC's assessments.

The Corporation has not adopted term limits for the directors on its Board. When considering the composition of the Board, the Chairman and the other members of the Board take into consideration the skill matrix of all Board members, as prepared and approved by the NGC, to ensure that the Board possesses the requisite experience, expertise, and business and operational insight to effectively guide the Corporation.

The Corporation has not adopted a written policy relating to the identification and nomination of women directors. The Corporation is committed to a merit-based system for board composition, while recognizing the benefits of providing diversity on its Board, be it in the form of gender, age, cultural heritage, or geographic representation. The NGC, when considering and recommending qualified director nominees, takes the background and diversity of all directors and nominees into consideration.

The NGC includes the gender of a potential candidate as one component in the overall list of factors it considers when evaluating director nominations for election and re-election. As in the director selection process, the gender of a potential senior executive candidate is one component in the overall factors that the NGC, the Chairman and Chief Executive Officer considers when selecting candidates. The Board has not adopted a target regarding women on the Board or in senior executive positions. Given the size of the Corporation, the number of senior executives, and the state of the Corporation's development, the Board is committed to selecting candidates for executive officer positions that the Board considers is best suited to the Corporation's strategy, risk and operations. As of the date of this this Information Circular, there are currently no women on the Board and one female executive officer in the Corporation, which represents 50% of the executive officers of the Corporation.

However, if any other matter properly comes before the Meeting, proxies in favor of management nominees will be voted on such matter in accordance with the best judgment of the person or persons voting the proxy.

The delivery of this Information Circular has been approved by the directors of the Corporation. Unless otherwise stated, the information contained herein is given as of May 16, 2022.

SCHEDULE “A”

SUMMARY OF OMNIBUS INCENTIVE PLAN

The Omnibus Incentive Plan contemplates the granting of options to purchase Common Shares (“**Options**”), stock appreciations rights (“**SARs**”), restricted share units (“**RSUs**”) and other share based awards (“**Other Awards**” and together with Options, SARs and RSUs, “**Awards**”) under a single plan. Non-U.S. participants may be granted Tandem SARs and/or Stand-alone SARs. U.S. participants may only be granted Stand-alone SARs. A “**Tandem SAR**” means a SAR granted in connection with an Option whereas a “**Stand-alone SAR**” means a SAR not granted in tandem with an Option.

Purpose

The purpose of the Omnibus Incentive Plan is to advance the interests of the Corporation by enabling grants of Awards to be made to selected participants so as to provide an additional incentive to such participants, encourage share ownership by them and thereby increase their proprietary interest in the Corporation’s success and their desire to remain with the Corporation. The Plan will also assist the Corporation in attracting and retaining key employees and directors.

Eligible Participants

Participation in the Omnibus Incentive Plan is determined by the compensation committee (the “**Committee**”) and is both discretionary and voluntary. The Committee may grant Awards under the Omnibus Incentive Plan to employees, officers, non-employee directors of the Corporation and its subsidiaries (provided that the director does not, directly or indirectly, own or control 10% or more of the Common Shares of the Corporation or would not otherwise be an “insider” under the TSX rules) and consultants to the Corporation and its subsidiaries (each a “**Participant**”).

In selecting Participants and in granting Awards, the Committee may give consideration to:

- (i) the functions and responsibilities of the Participant;
- (ii) his or her past, present and potential contributions to the profitability and growth of the Corporation and its subsidiaries;
- (iii) the value of his or her services to the Corporation and its subsidiaries; and
- (iv) other factors deemed relevant by the Committee.

However, neither the Omnibus Incentive Plan nor any Award thereunder shall give any Participant any right with respect to continuance of employment or appointment by the Corporation or its subsidiaries, nor shall the Plan or any Award thereunder impose a limitation in any way on the right of the Corporation or its subsidiaries to terminate any Participant’s employment or appointment at any time.

Maximum Number of Shares Reserved; Restrictions

The maximum number of Common Shares that can be issued under the Omnibus Incentive Plan is 3,363,631, or approximately 10% of the current issued and outstanding Common Shares, subject to certain customary adjustments for consolidations, stock dividends, subdivisions, rights offerings and other corporate events and the addition of Common Shares as described below. As of the date of the Information

Circular, 1,047,253 Common Shares have been issued under the Omnibus Incentive Plan. There are no restrictions on the maximum number or percentage of Common Shares that can be awarded to (i) any one Participant or (ii) insiders under the Omnibus Incentive Plan.

Any Common Share issuable pursuant to an outstanding Award under the Omnibus Incentive Plan or an outstanding award under any of the Predecessor Plans that is, for any reason, cancelled, expired, forfeited or terminated without having been exercised in full shall be available for future grants under the Omnibus Incentive Plan. As described in the Information Circular, the maximum number of Common Shares issuable under the Omnibus Incentive Plan includes 573,136 Common Shares underlying Options that previously expired or were cancelled, forfeited or terminated. There are a further 822,943 Common Shares reserved for Options granted pursuant to the Option Plan, and no outstanding grants under the Employee Share Plan or Director Share Plan. Accordingly, there is a total of 3,363,631 Common Shares that could be issued under the Omnibus Incentive Plan, if all 822,943 outstanding Options expire or are cancelled, forfeited or terminated without being exercised. See *“Matters to be acted upon at the Meeting – Amendment to the Omnibus Incentive Plan”* for more information about the current number of Common Shares issuable under the Omnibus Incentive Plan.

Award of Options

The Committee may, from time to time, grant Options to any Participant. The Committee shall establish the exercise price at the time that each Option is granted pursuant to the Omnibus Incentive Plan. The exercise price shall in all cases not be less than 100% of the Fair Market Value of the Common Shares as of the date of the Award. The exercise price may be established in Canadian dollars, U.S. dollars, British pounds sterling or other currency that is determined by the Committee. Upon exercise of an Option and payment of the aggregate exercise price, the Participant shall receive the number of underlying Common Shares to which such Option has been exercised.

“Fair Market Value” on any day means the most recent closing price in Canadian dollars of a Common Share on the Toronto Stock Exchange on the last trading day prior thereto, or if there is no closing trading price on such date, the average of the closing bid and ask prices on such exchange for that date; provided, however, that if the Common Shares are not traded on the TSX then “Fair Market Value” shall mean the closing price in the applicable trading currency of a Common Share on another stock exchange where the majority of the trading volume and value of the Common Shares occurs, such closing price to be converted into Canadian dollars (based on the daily average exchange rate quoted by the Bank of Canada on such day) and if the Common Shares are not traded on the TSX or on any other trading market, the Committee shall determine in its sole discretion in good faith a method for determining “Fair Market Value” as of a particular date.

The Omnibus Incentive Plan does not provide any specific vesting provisions for Options granted thereunder. At the time of grant, the Committee may determine the terms, conditions and restrictions applicable to the Option, including any terms of vesting or early termination (including in connection with a termination of employment), which shall be set out in the agreements evidencing such Options. The term of any Option shall not exceed 10 years.

In connection with the exercise of an Option, the exercise price may be paid:

- (i) in cash or by certified cheque, bank draft or money order;
- (ii) with the consent of the Committee, through the delivery of freely tradeable Common Shares having an aggregate Fair Market Value on the date of payment equal to the aggregate exercise

- price; provided that any Common Shares delivered by a Participant must have been held for a period of not less than six (6) months if received by the Participant through the exercise of an Option;
- (iii) through any “cashless exercise” procedure acceptable to the Committee; or
 - (iv) by any other method of payment approved by the Committee.

No financial assistance is provided in connection with the exercise of Options.

Award of SARs

The Committee may, from time to time, grant Stand-alone or Tandem SARs to any Participant. The value of a SAR is the Fair Market Value as of the date of the Award. Upon the exercise of a Standalone SAR, the Participant shall receive such number of Common Shares that in the aggregate have a Fair Market Value equal to the excess, if any, of (i) the Fair Market Value of the Common Shares underlying the SAR as of the date of exercise over (ii) the Fair Market Value of the Common Shares as of the date of the Award, net of applicable taxes.

A Participant may only exercise a Tandem SAR at the same time, and to the same extent, that the Option related thereto is exercisable. Upon the exercise by a Participant of any Tandem SAR, the corresponding portion of the related Option shall be surrendered to the Corporation. On the exercise of a Tandem SAR, the Participant shall be entitled to receive an amount in cash (net of applicable taxes) equal to the excess, if any, of (i) the Fair Market Value of the Common Shares underlying such Tandem SAR as of the date of exercise over (ii) the exercise price of such Tandem SAR.

The Omnibus Incentive Plan does not provide any specific vesting provisions for SARs granted thereunder. At the time of grant, the Committee may determine the terms, conditions and restrictions applicable to the SARs, including any terms of vesting, the term of Stand-alone SARs and any early termination provisions for Stand-alone or Tandem SARs (including in connection with a termination of employment), which shall be set out in the agreements evidencing such SARs. Tandem SARs shall terminate and cease to be exercisable upon the termination of the related Option.

Award of RSUs

The Committee may, from time to time, grant RSUs to any Participant. Each RSU is a right granted to a Participant to receive one Common Share upon specified vesting dates and subject to any additional terms and conditions as set forth in the agreements evidencing the RSUs. RSUs may include time-based conditions and/or performance conditions. The Omnibus Incentive Plan does not provide any specific vesting provisions for SARs granted thereunder. At the time of grant, the Committee may determine the terms, conditions and restrictions applicable to the RSUs, including any terms of vesting and early termination (including in connection with a termination of employment).

The Corporation will issue Common Shares to the Participant in settlement of the vested RSUs as soon as practicable following the date of vesting of such RSUs, but in no event later than March 15 of the calendar year following the calendar year in which such RSUs become vested.

Other Awards

The Committee may also grant Awards of Common Shares, cash-denominated awards, and awards that are valued in whole or in part by reference to, or are otherwise based on the Fair Market Value at the day of the grant of, Common Shares. Such Awards shall be in such form, and dependent on such conditions, as the Committee shall determine, including, without limitation, the right to receive one or more Common Shares, cash or the equivalent cash value of such Common Shares, upon the completion of a specified period of service, the occurrence of an event or the attainment of specified performance objectives. Such Awards may be granted alone or in addition to any other Awards granted under the Plan.

The Committee shall determine to whom and when such Awards will be made, the number of Common Shares or cash value to be awarded under (or otherwise related to) such Awards, whether share-denominated Awards shall be settled in cash, Common Shares (issued from treasury or purchased on the open market) or a combination of cash and Common Shares, the currency in which any payments shall be made or any Awards shall be denominated and all other terms and conditions of such Awards. All Awards of Common Shares as “Other Awards” shall reduce the number of Common Shares that may otherwise be issued under the Omnibus Incentive Plan.

The Committee may grant certain Other Awards in terms of, or based on, one or more pre-established objective the Corporation, segment, business unit, divisional, or operational criteria. Performance goals may be based on the performance of the Corporation or a segment, business unit or division generally, in the absolute or in relation to peers, or the performance of a particular Participant. In establishing performance goals, the Committee may establish different performance goals for individual Participants or groups of Participants. Performance goals may be weighted to reflect relative significance for the performance period. Such criteria or measures may be, but are not required to be, calculated in accordance with generally accepted accounting principles applicable to the Corporation.

Assignment and Transferability

No Award (including Tandem SARs) may be sold, assigned, transferred, pledged or otherwise encumbered by a Participant otherwise than by will or the laws of descent and distribution, a transfer by a Participant to an entity which is controlled by a Participant or, subject to the receipt of applicable regulatory approval, a transfer to a former spouse or domestic partner of a Participant in connection with a legal obligation or settlement.

Extension of Term due to Blackout Period

The Omnibus Incentive Plan also includes a provision that should an Option or SAR expiration date fall within a period when the Participant is prohibited from exercising the Option or SAR under applicable laws (a “**Blackout Period**”), the expiration date will automatically be extended for a period up to ten (10) business days immediately following the end of the Blackout Period, subject to certain limitations applicable to U.S. Participants.

Amendment and Termination

The Board or the Committee may amend, suspend or terminate the Omnibus Incentive Plan or any portion thereof, at any time, subject to those provisions of applicable law (including the rules, regulations and policies of the TSX), if any, that require the approval of shareholders or any governmental or regulatory body.

The Board or the Committee may make amendments to the Omnibus Incentive Plan or to any Award outstanding hereunder without seeking Shareholder approval except for amendments which:

- (i) increase the number of Common Shares reserved for issuance under the Omnibus Incentive Plan, including an increase to a fixed number of Common Shares or a change from a fixed number of Common Shares to a fixed maximum percentage;
- (ii) increase the maximum number of Common Shares which may be issued under Awards held by a Participant;
- (iii) reduce the exercise price of an Award (including the cancellation and re-grant of an Award, constituting a reduction of the exercise price of the Award), except pursuant to the antidilution provisions of the Omnibus Incentive Plan;
- (iv) extend the term of an Award beyond its original expiry date, except as relates to a Blackout Period;
- (v) change the provisions relating to the transferability of an Award, other than for a transfer by will or the laws of descent and distribution, to an entity which is controlled by a Participant or to a former spouse or domestic partner of a Participant in connection with a legal obligation or settlement;
- (vi) amend the “adjustment” provisions of the Omnibus Incentive Plan which apply to prevent dilution in connection with any stock dividend or split, spinoff, recapitalization, merger, amalgamation, consolidation, combination or exchange of Common Shares or other corporate change affecting the Common Shares;
- (vii) change the rights attaching to the Common Shares;
- (viii) amend the “amendment” provisions of the Omnibus Incentive Plan; or
- (ix) are required to be approved by shareholders under applicable laws, regulations or stock exchange rules.

Subject to the foregoing, the Board of Directors shall have the power and authority to approve amendments relating to the Omnibus Incentive Plan or to Awards, without further approval of the shareholders, including, without limitation, to the extent that such amendment:

- (i) is for the purpose of curing any ambiguity, error or omission in the Plan or to correct or supplement any provision of the Plan that is inconsistent with any other provision of the Plan;
- (ii) is necessary to comply with applicable law or the requirements of any stock exchange on which the Common Shares are listed;
- (iii) is an amendment to the Plan respecting administration and eligibility for participation under the Plan;
- (iv) alters, extends or accelerates the terms of vesting or other installment provisions applicable to any Award;

- (v) changes the termination provisions of an Award or the Plan which does not entail an extension beyond the original expiry date; or
- (vi) is an amendment to the Plan of a "housekeeping nature".
